Understanding Your Share for Covered Services

This health insurance policy¹ provides you with routine health care services, such as physician office services, as well as basic protection against major illnesses requiring hospitalization or surgery. We encourage you to carefully review what the plan covers and understand what your out-of-pocket costs may be.

NetworkBlue² is the Preferred Provider Network designated as "In-Network" for BlueOptions.

We have identified certain drugs as a 'specialty drug'. These drugs are listed as a 'specialty drug' in the Medication Guide. To be covered under your pharmacy program at the In-Network cost share, they must be purchased at a participating Specialty Pharmacy.	

1 Policies have limitations and exclusions and are medically underwritten.

2 Network Blue is one of our Preferred Provider Networks made up of independent hospitals, physicians and ancillary providers.

3 "Balance" is the difference between our payment and the amount an In-Network provider agrees to accept as payment in full for covered services (the allowed amount). For Out-of-Network providers, "balance" is the difference between our payment (allowed amount) and the provider's charge. You are responsible for paying the doctor or provider this "balance".

4 The Allowed Amount is the amount we have negotiated with providers for payment of covered services, instead of a member paying the full charge for a service.

5 CYD = Calendar Year Deductible —The amount, if any, per calendar year, you owe before we begin to pay for covered services.

6 Coinsurance is the percentage the member pays for service.

Note: Out-of-Network services may be subject to balance billing.
